

# EARTHCRAFT™ SERIES

## SINGLE-STREAM

Select the components that are right for you and your customers. This all-new waste and recycling management center is built with UV-resistant recycled plastic material that will enable you to meet your LEED and sustainability goals. The attractive, upscale design of these modular systems provide the look and function you want, without sacrificing on quality or performance.

### KEY BENEFITS & FEATURES:

- Made with durable UV-resistant, recycle plastic material.
- Customizable to each brand with a variety of designs and colors.
- Sleek, upscale design to improve the look of any site and reflect any brand.
- Perfect for indoor and outdoor environments.
- Units available in single or dual-stream.
- Design options include with or without a decorative routed design on door and sides.
- Opening shape options include square/rectangular or circular to accommodate both trash and recycling.
- Flat top or raised edge top options.
- Large capacity units with side-load (32-gal.) or top-load (42-gal.) options.
- 3-year warranty
- Made in USA.
