

## Round Marine Grade Polymer Tahoe Bar Height Dining Table, 36" or 48"

SKU: RPKD3605BT

### Description

Our Round Bar Dining Table with a slat top offers a rustic charm for a casual outdoor dining space. The tabletop is made with marine-grade polymer and resembles wood without the decay or maintenance of real wood. MGP won't blister, splinter, or warp from exposure and is non-porous so it won't absorb dirt and liquids. The frame is also marine-grade polymer ensuring a durable table that will last years of daily use indoor or outdoor. Pick a 36" or 48" diameter tabletop to suit your location's space. Ships knocked down with easy-to-follow assembly.
