Description

The commercial Bermuda vinyl strap dining armchair is made with a 1 1/2" x 3/4" flat powder-coated aluminum frame and 2" double wrapped virgin vinyl straps. Made with high-quality stainless steel hardware and UV-resistant straps to provide commercial quality at the best price. Our commercial pool furniture is powder-coated at 400 degrees giving it the toughest finish to resist chipping and scratching. This poolside armchair complements most dining tables and is a great choice for your outdoor dining area. Use for seating in your pool deck or patio.
