## Description

Furnish the lobby or patio of your waterside business with this comfortable Sanibel Sectional Collection. This arm lounge chair is one of many pieces that make up the hospitable Sanibel Modular Deep Cushion Seating Collection. Heavy-duty HDPE marine grade polymer makes up the frame and the back structure, while the seat is supported with vinyl strap. The cushions are made to resist mildew, stains, and fading, making it a perfect for both indoor and outdoor use. Mix and match the other components to utilize the space in your conversational areas. Perfect for hotels, resorts, and country clubs. Sectional connectors are included with all sectional pieces. Call us today for a great quantity discount to dress up your entire establishment.
