Description

Furniture Leisure offers the Sanitizing Wipes Dispenser with 19-Gallon Waste Can. This furnishing is made of a rotationally molded polyethylene plastic that has been infused with UV stabilizers and is suitable for both indoor and outdoor use. The wipe dispenser is top-opening and includes a lock mechanism for security. The star-shaped opening of the 900 sheet capacity dispenser reduces waste as it limits the number of wipes per use to only one. The 19-gallon capacity trash can has a front and rear opening. The dispenser can be removed to ease the process of waste disposal. Choose from Grey, Black, or Yellow for your purchase. Consider adding a case of hand wipes to ensure that your product is ready to go upon arrival! This product is proudly made in the USA.
