Details

The Tropitone® Curve Chaise Lounge with Riser is an outdoor furniture piece perfect for in and out of the pool. Mimicking the contour of the human body, Curve chaise lounges bring a modern twist to outdoor pool furniture. Curve features an arched back, low seat, and a bend for your legs to create a shape that suits users' natural lines. Modern in style, the Curve collection is available in several bright hues for today's trendy resorts and luxury hotels. The chaise lounge and riser are made from Rotoform, a marine-grade polymer product. Rotoform is waterproof, allowing the chaise and riser to be partially submerged in the pool up to 18".
