A. overall height: 108" / 274cm
B. clearance: 82" / 208cm
C. closed clearance: 40" / 101cm
MAST: 1.5" / 38mm
WEIGHT: 24 lbs. / 11 kg.

Umbrella clearance dimensions are measured while not mounted in a base. Depending on the selected base, these clearance measurements will change. All dimensions have a +/-5" tolerance based on multiple variables; pin placement height, crank tautness and fabric weight.

Please see our "Umbrella Base Guide by Application" on page 48 for recommended base options, based on the umbrella size and desired application (table use or free-standing).
