

Oasis Rolling Base 220S

Superior Weather Protection

High quality ASA plastic cover ensures maximum protection from heat, UV rays, impacts, and harsh weather conditions.

Zinc plated and powder coated body to ensure maximum protection from any environment

Sealed bearings and zinc chromated casters to ensure maximum protection from harsh environments

Surface Protection

The Oasis Rolling Base is comprised of five packages (the mobile umbrella stand and it's four weights) - Delivery and transportation are easily managed, despite the high total weight which will subsequently guarantee the stability of the stand.

Specifications
