

Neptune Chaise Lounge 18" Seat Height

Description

Our commercial-grade Neptune vinyl strap chaise lounge is available in a variety of seat height selections with 2" double wrapped vinyl straps and heavy-duty 1-1/4 round aluminum frame. The 18-inch seat height is great for retirement communities or anyone who may have difficulties standing from a lower height. The American-made aluminum frame is a heavy gauge with all welds and was specifically designed to be stackable for portability and storage. Our pool furniture is sandblasted and electrostatically powder-coated at 400 degrees giving it the toughest finish resisting chipping and scratching. The commercial construction includes a five (5) year warranty against frame breakages.

Specifications
